

# The Seventh Japan-Korea Joint Symposium on Composite Materials

Kanazawa Institute of Technology, Kanazawa, Japan  
September, 25<sup>th</sup>, 2009

organized by **the Japan Society for Composite Materials**  
in cooperation with **the Korean Society for Composite Materials**

Since the first Japan-Korea Joint Symposium on Composite Materials was held in Sapporo, Japan in the year 2000, the six times Korea-Japan Joint Symposia have been alternatively held as an annual event in Korea and Japan, which were very successful owing to not only the high quality of papers but also the eager participation especially. The Seventh Joint Symposium will be held at the Kanazawa Institute of Technology in Kanazawa, Japan (<http://www.kanazawa-it.ac.jp/ekit/index.html>). Kanazawa is the prefectural capital of Ishikawa Prefecture and located in the central part of the mainland of Japan (<http://www.kanazawa-tourism.com/>). The climate is mild and warm even in autumn. Kanazawa Castle Park and Kenrokuen Garden (one of the three greatest gardens in Japan) are located in the center of the city area. The joint symposium aims at the cooperative efforts by the composites communities of both countries in soliciting for works of various research topics and in promoting the participation of scientists, engineers and students. All topics and all the scientific/technological approaches for composite materials are pertinent to this joint symposium.

The financial support is provided by Air Force Office of Scientific Research (AFOSR), Asian Office of Aerospace Research and Development (AOARD). We wish to thank AFOSR/AOARD for their contribution to the success of this conference.

## Registration

The registration fee for a Korean participant costs 5,000 Japanese Yen which includes one copy of symposium proceedings, welcome reception, technical tour on September 24 and banquet.

## Schedule and Location

July 1, 2009: Due date for application of paper titles, author names and institutions, 100-word abstract

August 1, 2009: Due date for submission of two-page manuscript

September 24, 2009: Technical tour and Welcome reception

September 25, 2009: Joint Symposium and Banquet

(The Japanese Domestic Symposium will be held on September 24 and 26, 2009 at the same site.)

The Joint Symposium will be held on the main campus (Ohgigaoka campus) of Kanazawa Institute of Technology, which is located near the center of Kanazawa-city area and about 50 minutes away from the Komatsu Airport by limousine bus. It is most convenient to have a direct flight from Incheon Airport to Komatsu Airport (Korean Airlines) on Monday, Wednesday, Friday and Sunday. Also you have a lot of flights from Gimpo Airport to Komatsu Airport via Tokyo Haneda Airport everyday. New announcements for access, accommodation, banquet and visiting tour will be followed during April. For further information, please contact:
