

ANNOUNCEMENT

The Eighth Korea-Japan Joint Symposium on Composite Materials Changwon National University Changwon, Korea, November 17, 2011

organized by **the Korean Society for Composite Materials**
in cooperation with **the Japan Society for Composite Materials**

Since the first Japan-Korea Joint Symposium on Composite Materials was held in Sapporo, Japan in the year 2000, the seven times Korea-Japan Joint Symposium have been alternatively held as an every two-year event in Korea and Japan, which were very successful owing to not only the high quality of papers but also the eager participation especially. The Eighth Joint Symposium will be held at the Changwon Exhibition Convention Center (CECO) in Changwon, Korea. Changwon is the capital city of Gyeongsangnam-do and about 50km far, on the east side from Busan in Korea. With a 2010 established population of 1,090,000, Changwon city is the 8th most populous city in Korea. Changwon city is also one of the largest machinery industry complexes in Korea and has Korea Institute of Materials Science (KIMS) that includes the best R&D center for composite materials in Korea. The joint symposium aims at the cooperative efforts by the composites communities of both countries in soliciting for works of various research topics and in promoting the participation of scientists, engineers and students. All topics and all the scientific/technological approaches for composite materials are pertinent to this joint symposium.

Location of CECO in Changwon (RED), Korea

Registration

The registration fee for a Japanese participant costs 50,000 Won which includes one copy of symposium proceeding, welcome reception, banquet and visiting tour.

Technical Sessions

The symposium working language is English and the two pages proceedings manuscripts must be written in English. Topics include, but are not limited to Session A: Materials and Processing, Session B: Design and Applications, Session C: Properties and Durability and Session D: Nanocomposites and Smart structures.

Schedule and Location

Due date for application of paper titles, author names and institutions: July 31, 2011

Due date for submission of two pages manuscripts: September 31, 2011.

Get Together Party: November 16, 2011

Joint Symposium and Buffet Reception: November 17, 2011

Visiting Tour: November 18, 2011

The Joint Symposium will be held Changwon Exhibition Convention Center (CECO) in Changwon, which is located about 35 minutes away from the Gimhae International Airport by taxi. It is also very convenient to have a direct flight to Incheon International Airport, then transfer to Gimhae International Airport. Passengers who want to take a limousine bus have to get on it at Limousine Bus Stop 2 in the Gimhae Airport. There is another way to reach Changwon city for passengers who will arrive at Incheon International Airport. Passengers take a limousine bus (at the Limousine Bus Stops 4A, 4B, 5B, 10B, 11A, 12A) at the Incheon International Airport to get to Seoul Station and then take KTX, a high-speed train system, at the Seoul Station to reach Changwon Station. From Changwon Station to CECO, it takes about 15 min by taxi. As far as accommodation is concerned, new announcements will be followed during the season. For further information, please contact:
